## GENERAL INFORMATION

**TIME**—Monday, March 3, 1947 at 12:00 o'clock sharp.

**LOCATION**—The sale will be held at the Guy S. Little farm on state road No. 32, one mile South of Sullivan, Illinois. Sullivan is on the main line of the C. & E. I. Railway between St. Louis and Chicago. It is 26 miles Southeast of Decatur and 18 miles Northwest of Mattoon on state highway No. 121. There is convenient bus service to Sullivan from Springfield, Mattoon and Decatur.

**TERMS**—The terms of the sale are cash unless other arrangements are made with the owner from whom the cattle are purchased before the sale commences and the sale manager is notified of the arrangement. Buyers who are not known to the sale manager will bring bank references. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but the management will attend to loading on cars or trucks in compliance with instructions from the purchasers.

**GUARANTEE**—Usually at dispersal sales no guarantee of performance is given but in this case the owners are so well convinced of the health and the producing ability of these excellent Shorthorns that they extend the standard guarantee endorsed by the American Shorthorn Breeders' Association for sales of Shorthorn cattle.

This guarantee, which is printed on the following page, shall constitute a contract between the seller and the buyer of each lot. Neither the sale manager nor the clerk of the sale assumes any liability, legal or otherwise.

**CERTIFICATES OF REGISTRY**—A certificate of registry in the American Shorthorn Breeders' Association herd books will be furnished with each lot sold and the certificate will be transferred to the buyer without cost to him. Applications for registry, properly signed, will be furnished for each calf sold at foot beside its dam and for each unborn calf sold in dam.

**MAIL BIDS**—Those wishing to buy at this sale who cannot arrange to be present may send their bids to the sale manager, Hal Longley of The Shorthorn World, to Clinton K. Tomson of the American Shorthorn Breeders' Association, to either of the auctioneers or to the owners of the cattle.

**AUCTIONEERS**—J. E. Halsey, P. O. Box 1317, Des Moines, Iowa, and Hamilton James, Newton, Illinois.

**SALE MANAGER**—Hal Longley of The Shorthorn World, 16 South Locust Street, Aurora, Illinois.

**NOTE**—We will not be responsible for any accidents that may occur but will make every effort to provide for the safety and comfort of our guests.

## STANDARD GUARANTEE OF AMERICAN SHORTHORN BREEDERS' ASSOCIATION

---

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders provided they are not allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase or by the time the bull is twenty months of age if purchased under fourteen months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bangs' Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipments will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

# INVITATION

Having rented our farms, my neighbor, Guy S. Little and I shall retire from active farming operations. This, of course, compels us to dispose of our Shorthorn herds and to accomplish that purpose we have decided to hold this auction sale at the Little farm on March 3d.

Both herds were built upon foundations obtained by purchases of top females from some of the strongest herds in the United States. We have maintained our Shorthorns as breeding and not show herds. As a result they have been prolific and healthy and for that reason we do not hesitate to offer the liberal guarantee recommended by the American Shorthorn Breeders' Association for sales of registered cattle.

Our cattle are not loaded with fat but are in first class breeding condition, have large numbers of calves at foot that will be sold with their dams, and everything of breeding age will be sold with a calf or with a good long service date to our excellent herd bulls.

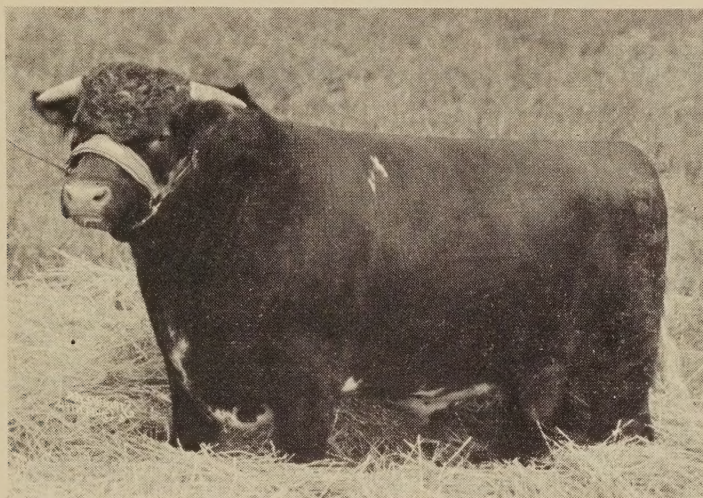

My herd is headed by one of America's best sires, Klaymor Gaffer. His picture and pedigree are on the page opposite this. There are eight bulls and nine heifers in the sale by Klaymor Gaffer, that sell as separate lots. In addition to this, ten of his calves sell beside their dams, making double lots and thirty-three of the cows and heifers in the sale are with calf by him, most of them quite close to calving date.

In all you will find 78 lots in this catalog. You will find their pedigrees to show that they are descended from the best of the Shorthorn breed and when you come to see them you will find that they are Shorthorns of excellent quality, good breed character and modern type, in good strong working condition. They are the sort that one buys with confidence, realizing that they are sure to prove profitable.

We invite you to be our guests on March 3d to see these useful Shorthorns. You will like the many fine calves that are the result of matings which we have conducted. As I said above, the cattle are fully guaranteed and so we know that every buyer at this sale will find his purchase profitable and if he is not already our friend, he will become so.

—Wayne S. Williamson, M. D.

KLAYMOR GAFFER 2226092 (above), was the top priced bull of the Klaymor Farm's sale in 1943 and is a full brother of the noted sire, Klaymor Camouflage. Daughters of Gaffer are in such famous herds as Edellyn, Marellbar, Merryvale, Elcona, The Hickories, Otis Carter & Son and others. He is a great sire and in this sale nine heifers and eight bulls by him will be sold as separate lots and thirty-three royally bred cows will be sold with his calves at foot or soon to calve to his service. He is still a young bull and should go into a high class herd.

## WE GUARANTEE OUR CATTLE

Inasmuch as I have leased my farm lands and have decided to retire from the active responsibilities of farming, it gives me pleasure to join with my friend and neighbor, Dr. Wayne S. Williamson, in this auction sale dispersing our two herds. The 25 lots of cattle, the pedigrees of which follow in this catalog, constitute my herd. In addition to the 25 lots there will be sold 10 calves that will go with their dams. All females that are of breeding age are now bred and with calf, most of them to our pleasing, dark red, two-year-old herd bull, Brawith Mint, whose pedigree appears below. Fortunately, there are enough of his calves in the herd to prove that he is a prepotent sire. He should go into a good herd where he is sure to make a name for his new owner.

Dr. Williamson and I are standing squarely behind the cattle in this sale. All of them are in excellent health, are sound and prolific. We trust that you will honor us by your presence on sale day and we assure you that you will profit handsomely by every purchase that you make from either of these herds.

Brawith Mint has a pedigree that should be studied with care because he descends through his four grand parents from exceptional cattle. Brawith Boy was the Scottish Highland and Canadian Royal grand champion. Browndale Mint was an extremely blocky, solid red grandson of the great Browndale Count. Bugler's Guard made an exceptional record in the Deacon herd and Helfred Royal was one of the great productions at Helfred Farms. The dam of Brawith Mint was a show cow in the W. C. Anderson & Son herd and he himself was the best bull at the 1945 Spring Abingdon Sale. Ten calves by him will be sold as separate lots. They prove his value as a sire.
